

TREASURE

e-activism skills building for green
issues and social inclusion
in inclusive European community
2022-2-ES02-KA220-YOU-000094438

April 2023 - March 2025

An ERASMUS+ project designed
to actively engage young
community members through an
effective non-formal education
programme and foster inclusivity
among stakeholders

objectives

Young learners in our local communities will become digitally capable and self-assured by developing e-activism skills on an engaging and user-friendly e-learning platform to learn and use the following tools:

- a. Tools for digital inclusion in local community services
- b. Tools for community media on green topics
- c. Tools for e-activism on social inclusion

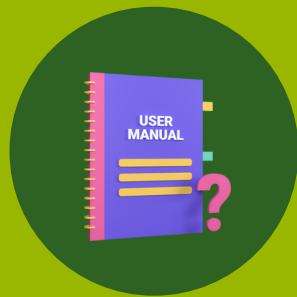

Expected results

Educational content

Accessible e-learning platform

E-learning platform instruction manual

Work packages e-brochures

Seminar reports
